glass system

Glass wall system

GSW Pro

**A,B,C, D,E** | **KAT IV** | | **ETA** | **PATENT** | **ESG** | **INOX** | **ALU** | **CE**

System features

/ two types of mounting profiles - 50 mm or 110 mm tall,

/ guaranteed stability and strength of the structure - the glass is fastened using special fixing clamps,

/ easy and convenient wall mounting - it is possible to change clamp position all along the symmetrical base profile, whose centerline is the same as glass pane centerline,

/ system with CE marking based on European Technical Assessment issued by the Building Research Institute after safety tests,

/ various finishing options - stainless steel or aluminum profiles available in a wide range of anodic or powder coating colors.
GSW Pro
