Floating toilet partitions.

The use of recessed supports and a recessed headrail gives a floating impression to the toilet partition wall SVF30 JUMP. This ensures a certain lightness and a lot of elegance in the sanitary room. A play of colours allows countless design possibilities and with motif prints, every partition becomes unique. SVF30 JUMP is ideal for the implementation of individual room concepts in dry WC rooms.

Interesting facts about SVF30 JUMP

WC partition walls made of 30 mm thick chipboard with ABS strips

- Recessed supports and headrail give a floating look
- Floor clearance ensures a quick and effective cleaning
- ABS strips in the same colour as the panels
- Wall connections are done as shadow gap
- Hardware made of anodized aluminium
- Flush fitted front on the outside of the cubicle
- Easy to clean and maintenance construction
- Suitable for dry rooms
- Large variety of decors and colours
- System will be produced acc. to the building site dimension
